DESIGN FOR DISABILITY

Adaptive Clothing Innovations Symposium

DATE: MARCH 19th
TIME: 2:30 pm - 4:00 pm
LOCATION: WRENCH AUDITORIUM

Free and Open to the public
MU ID Requested for Student Attendance

Join us for a discussion about designing adaptive apparel for people living with disabilities as we tackle this topic from a user-centered perspective and address innovative materials and design approaches for the burgeoning market. Panelists from Cotton, Inc., NBZ Apparel and the Great Plains ADA Center at the University of Missouri will discuss the adaptive clothing barriers facing people living with a disability and future opportunities for apparel innovations.

Funding for this event was awarded in whole through a competitive grant presented to the Department of Textile and Apparel Management by the Importer Support Program of the Cotton Board and Cotton Incorporated.
